December 2006 Graduating Senior Special Edition

You are educated. Your certification is in your degree. You may think of it as the ticket to the good life. Let me ask you to think of an alternative. Think of it as your ticket to change the world.~ Tom Brokaw

December 2006 Graduating Seniors,

On behalf of all of the officers and members of Sigma Chapter, it is my pleasure to congratulate you on completion of your tenure here at Temple University. I trust it has been a challenging, but rewarding experience.

I would also like to personally thank you for your participation in our chapter of Gamma Iota Sigma. Every year we continue to grow our membership, producing more and more top notch students who leave here to make their mark on the insurance industry as well as other various professions. It is my belief that our students are the most professional and intelligent The Fox School of Business has to offer, and this year's class does not disappoint. I have no doubt that there are many future leaders among the class of December 2006, who will take the knowledge acquired here at Temple and use it to change the world around us.

Best wishes both professionally and personally as you move forward to the next journey in your lives. I hope you will look back on your time with Gamma with the fondest of memories, and stay actively involved as alumni. The support of our alumni goes a long way towards the impressive standards that our Chapter is able to maintain, and each and every one of you has the chance to give future students the opportunities that we have all been afforded. I urge you to take that opportunity, and help the risk management and actuarial students at Temple in the years to come.

Sincerely,

Benjamin Faust
President
