RMI Workshop:

Professional Designations

Friday, October 28, 2016

12 :00 PM–12:50 PM

Alter 034

The American Institute of Chartered Property Casualty Underwriters (AICPCU) grants numerous designations to both professionals and students who take and pass a series of exams provided by the institute which are designed for those Risk Management majors focusing on Property & Liability. The Certified Employee Benefits Specialist (CEBS) designation is granted jointly by the International Foundation of Employee Benefit Plans and the Wharton School of the University of Pennsylvania to individuals who complete eight college level courses and examinations and is designed for those Risk Management majors focusing on Employee Benefits. In this workshop, you will navigate the road to obtaining these designations, as well as what steps you can be taking now, while you're in school.

Actuarial Science Workshop:

Automation in the Workplace

Friday, October 28, 2016

12 :00 PM–12:50 PM

Alter 031

With data analytics and predictive modeling becoming a quickly emerging part of the actuarial field, the Actuarial Science Career Development team presents its brand new workshop, *Automation in the Workplace*. This workshop will include topics such as modeling, programming, and statistical coding in various languages used in the actuarial profession. Students from our program, Ureem James, AIG, and David Orsi, Liberty Mutual, will be sharing their experiences using automation in their internships, followed by a practical demonstration of how automation can aid actuarial work. This workshop, along with the Excel Workshops run in the spring semester, provide valuable knowledge of the technical skills required in the industry beyond what is taught in the classroom.
