Dear Members,

It is hard to believe that the Fall 2015 semester is coming to a close. The past few months have been incredibly rewarding and I continue to be humbled by the opportunity to lead such an enthusiastic group of students.

I hope you have taken advantage of all that the Sigma Chapter offers. The tremendous lineup of speakers for our H. Wayne Snider Distinguished Guest Lecturer Series spearheaded a great semester, which provided countless ways for you all to develop yourselves personally, professionally, and socially. Committee meetings provided a fresh perspective from young alumni and Friday workshops enhanced skills for both Risk Management and Insurance and Actuarial Science majors.

In addition to these unique learning experiences, this semester featured several exciting social and community service events. Whether it was Gamma Games, The Gift of Life Family House, or any other Sigma Chapter event, it was nice to see so many of you having fun and giving back to the community.

Again, I hope everyone had a productive semester. Best of luck on your final exams, and we look forward to seeing you all in January!

To the Graduating Students:

Congratulations! Your hard work has paid off as you will soon be receiving a degree from one of the top Risk Management and Insurance and Actuarial Science programs in the country. I have enjoyed getting to know many of you inside and outside of the classroom, and your presence will truly be missed in Alter Hall. We are excited for the great successes you will experience throughout your careers in the insurance industry!

The strong reputation of the Sigma Chapter, and the ability for us to provide countless benefits to our members relies heavily on the support of our alumni. As graduates, I hope you take advantage of your ability to give future students the same opportunities we have been afforded. I wish you the best of luck personally and professionally. May you look back on your time as a Sigma Chapter member with warm memories and stay actively involved as alumni!

Fraternally yours,

Richard M. Rosenbaum
President – Gamma Iota Sigma, Sigma Chapter
