

Actuarial Science Workshop and RMI Joint Workshop: Risk Management at Temple University with Lisa Zimmaro

Friday, November 11, 2016

12:00 PM–12:50 PM

Alter 031

Lisa Zimmaro, Temple University's Risk Manager, will present about risks that exist on our campus. Come ready to learn about how our school tackles risk, including what risk controls are used. It will be interesting to see how risk management techniques that we learn in classes are applied at our very own school. She will then focus the majority of her presentation on claims, and she will share great stories on the claims she has handled, especially in connection with medical malpractice. Students will have the opportunity to learn about claims as a career path.

Attention RMI 3682 Students

If you have not already fulfilled your community service requirement, the LAST event available for credit is the Temple University Campus Clean Up. Please look for an email from Anuj Patel with additional information and the doodle link to sign up. As a reminder, failing to complete a community service event will negatively impact your final grade!
