Actuarial Science Workshop:

Exam Passers Panel

Friday, January 29, 2016, 12 PM–12:50 PM, Alter Hall 031

This workshop aims to lessen the stress of studying for actuarial exams through an informal discussion amongst students. Students who have previously sat for exams will share their experiences, studying tips, techniques, and preferred materials during this workshop. Come prepared with any questions you might have about taking actuarial exams!

RMI Workshop:

Intern Presentations

Friday, January 29, 2016, 12 PM–12:50 PM, Alter 033

Intern Presentations allow current Temple students to share their summer internship experience. Students will discuss their responsibilities as interns, the perks and drawbacks of the intern programs, and how they got their internships, followed by an evaluation of their overall experience. There will also be plenty of time for the presenters to answer questions that members might have. It is extremely valuable to have access to firsthand accounts from a third party in addition to the company's information, especially while preparing for the intern reception. Our presenters will be Wyeth Shabel, AIG, Rachel Becker, Liberty Mutual, and Michael Gaito, Conner Strong & Buckelew.
