RMI Workshop: Intern Presentations II

Friday, March 3, 2017

12:00pm-12:50pm

Alter Hall 031

Intern Presentations are a great way to learn about fellow students' summer internships from their point of view. Students will discuss their responsibilities as interns, the perks and drawbacks of the intern programs, and how they got their internships. There will also be plenty of time for the presenters to answer questions that members might have. The presenters will be Matthew Fischer, Liberty Mutual Insurance, Elaine Adamsky, The Graham Company, and CJ Szafran, Mercer. This is an important workshop to prepare for internship interviews!

AS Workshop: Advanced Excel Training

Friday, March 3, 2017

12:00pm-12:50pm

Alter Hall 034

We hope you enjoyed mastering the fundamentals of excel in our Basic Excel Training Workshop! After learning these basic functions, Advanced Excel Training will take you through a more difficult project using excel and specific coding language used in the industry. This workshop will also explore more complex excel functions that are used by actuaries. These functions could potentially be useful to you in future internships and jobs. All are encouraged to attend this workshop as it will be a vital addition to your excel training and future opportunities!

MARCH 2017 MEMBER SPOTLIGHT

Tyler Lerman

Risk Management and Insurance

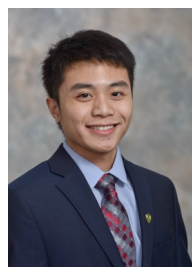

Tyler Lerman is a Risk Management and insurance major graduating in May of 2017. He has been a mentor in Gamma's Student Mentoring Program and is an active member of the Property and Casualty Career Development committee.

Tyler spent this past summer interning at Arthur J. Gallagher in Manhattan and currently wishes to pursue a career in the Property and Casualty industry. Since beginning his risk career, Tyler has passed his CPCU 500, 520, 557 and his favorite class has been RMI 3504 with Professor Wilkins. Outside of the classroom, Tyler enjoys drumming, dining out, and snowboarding. Fun Fact-Tyler is in an alternative/funk band called Petty Vandal!

Liming Cheng

Actuarial Science

Liming Cheng is a junior Actuarial Science major. As an involved member of Gamma, he has taken part in the Alumni Mentorship Program and is a member of the Actuarial Science Career Development Committee. He has passed Exam P and Exam FM. His

favorite Actuarial Science class has been Actuarial Modeling I with Professor Moore! At Temple, he serves as the Vice President of Internal Relations for the National Association of Asian American Professionals (NAAAP) and works part time at the International Admissions of Temple University. Outside of school, Liming enjoys dancing, specifically hip hop! His other hobbies include working out, playing basketball, and jogging.

THE H. WAYNE SNIDER DISTINGUISHED GUEST LECTURER SERIES PRESENTS:

Jim Walters

Managing Director

National Leader-Life Sciences and Chemical Group

Aon

Wednesday, March 1, 2017, 12:00 PM-12:50 PM, Alter Hall 031

Jim is the leader of Aon’s U.S. Life Sciences Group. The group provides the full range of risk management consulting and insurance brokerage services for these industry sectors. He serves as the coordinator on the accounts handled by the group and is responsible for ensuring the satisfaction of those clients including the design, development and implementation of risk financing programs and strategies.

Prior to joining Alexander & Alexander, now Aon, in 1991, Jim spent five years with a major insurance broker in New York managing a variety of significant national accounts. He began his insurance career as a casualty underwriter in Colorado before moving to New York as a national account underwriter. These experiences have given Jim exposure to a wide range of corporations and organizations with diverse exposures but always a consistent focus on pharmaceutical, life science and chemical companies.

Jim has a B.A. from Colorado College. He was named one of *Risk & Insurance Magazine’s* top 100 “Power Brokers” in the Pharmaceutical industry for 2006 and 2009, and the Chemical industry for 2008.

February is Insurance Careers Month!

This past month, students and professionals have been participating in Insurance Career Month. The purpose is to rally young insurance professionals and students to stimulate interest in the insurance industry! This is why we think insurance is a great career:

- Numerous Career Opportunities
- Develop Interpersonal Relationships
- Job Variety and Flexibility
- Job Security
- The Work-Life Balance
