RMI Workshop: Intern Presentations

Friday, February 12, 2016, 12:00 PM– 12:50 PM

Alter Hall 033

The “Intern Presentations” feature students’ presentations on their summer internship experiences. It is important to get to hear from a third party when considering working for that company. Students will discuss their responsibilities as interns, the perks and drawbacks of the intern programs, and how they got their internships. There will also be plenty of time for the presenters to answer questions that members might have. This workshop will provide great insight into the internship process as you will be interviewing for potential positions in the following weeks of the semester.
