### *Wands at the ready!*

On February 7, 2018, the Sigma Chapter of Gamma Iota Sigma held its 33rd Semi-Annual Gamma Games in Pearson Gym. This semester's games were inspired by **Harry Potter**! Characters from Harry Potter that were represented were Voldemort, Potter, Weasley, Granger, Longbottom, Malfoy, Dobby, Sirius, Hagrid, Snape, and Delacour!

The games commenced with **Dizzy Wand**, which had some of our Wizards dazed and confused, but ready to fight on! Competitors showed intense concentration and endurance for **Musical Chairs** and **Corn Hole Toss**, with their intellectual abilities shining through during **Riddles**. The games ended with an athletic showing by all teams during **Dodgeball**. Only Sirius and Hagrid were left standing as the final round of Dodgeball began.

It was through their high-speed throws and agility that **Sirius** defeated their competition and earned the title of the **33rd Semi-Annual Gamma Games Champions!** Our winning team consisted of captain **Larry Lewis** and members **Matthew Davis, Joseph Fernandes, Moeed Faisal, Austin Texter, Hunter Raymond, and Felix Bocchicchio**. **Larry Lewis** was named **MVP** for his leadership and dedication to his team throughout the entire competition!
