Last Day of Classes!

Dear Members,

It seems like just yesterday I was writing the letter that opened up the Fall 2015 semester and officially marked the beginning of my role as the Sigma Chapter's President. At that time, I never could have imagined that I would learn and grow so significantly in this role. I credit all of this growth to you, the incredible members of the Sigma Chapter, as well as to the officers, advisors, and administrative support.

Thank you all for attending meetings, workshops, and career receptions. These events truly have a dual purpose: developing our members to be prepared for the professional world, which in turn greatly benefits our program as well. It allows more students to have internships, pass exams, and achieve the end goal of obtaining a full-time job.

Graduation is quickly approaching, and it is always nice to reflect on the many outstanding achievements of all of our members, but especially the graduating seniors. Taking classes, studying, and socializing with all of you has convinced me that we, as the Class of 2016, will truly do something special with our careers.

So finally, I want to once again thank everyone for his or her contribution to the Sigma Chapter throughout this academic year. Your hard work has truly paid off, and I thank and commend you all for your consistent dedication to your academic careers. It truly was a privilege to work with so many talented and driven individuals.

I look forward to keeping in touch as we enter a new and exciting chapter of our lives!

Fraternally Yours,

Richard Rosenbaum – President, Sigma Chapter of Gamma Iota Sigma
