POSITION TITLE: Actuarial Internship Program

DIVISION: Actuarial

POSITION DESCRIPTION:

POSITION SUMMARY

Aetna's actuarial internship program is in place to introduce top performing students to what life is like as an actuary at one of the nation's leading health care companies. Real work experience on essential projects, networking opportunities both within and outside the actuarial field, and career development in everything from technical skills to public speaking are all a part of this 12 week summer internship program.

LOCATION: Atlanta GA, Bethesda MD, Blue Bell PA, Chicago IL, Harrisburg PA, and Overland Park KS.

NUMBER OF POSITIONS: 20

PRIMARY RESPONSIBILITIES:

- Fundamental Components:
- Essential and handpicked projects Classroom and online-based training
- An executive speaker series
- Social events
- Periodic in-person training sessions and networking opportunities
- Onsite actuarial libraries and study rooms
- Fully subsidized housing

POSITION QUALIFICATIONS:

BACKGROUND/EXPERIENCE DESIRED:

- 3.0+ GPA preferred
- Ability to pass actuarial exams
- Analytical and critical thinking skills
- Effective communication
- Demonstrated leadership and initiative

EDUCATION

The highest level of education desired for candidates in this position is a Bachelor's degree or equivalent experience.

INTERNATIONAL SPONSORSHIP: Yes

COMPANY DESCRIPTION: American International Group, Inc. (AIG) is a leading global insurance organization. Founded in 1919, today we provide a wide range of property casualty insurance, life insurance, retirement products, mortgage insurance and other financial services to customers in more than 100 countries and jurisdictions. Our diverse offerings include products and services that help businesses and individuals protect their assets, manage risks and provide for retirement security. AIG common stock is listed on the New York Stock Exchange and the Tokyo Stock Exchange.

POSITION TITLE: 2018 Summer Internship Program - Actuarial

DIVISION: Actuarial

POSITION DESCRIPTION: Actuarial professionals have the pivotal role in driving the results at AIG, and are integral to AIG's success with their expertise in quantitative analysis, insurance pricing, loss reserving, and risk quantification. We have dedicated Finance Actuaries that play a critical role in ensuring the financial condition of AIG's major regulated and rated insurance operating companies around the world.

Specifically, the Finance Actuarial team is responsible for reserving and valuation of liabilities; assessing the soundness of regulatory and rating agency; capital and assessment of insurance capital needs. Portfolio Analytics and Pricing Actuaries dedicated directly to support AIG's businesses are responsible for technical pricing, product development analytics, performance monitoring and measurement, and assessment of reinsurance needs. This team also works with marketing, operations, and financial management to achieve business objectives.

LOCATION: Atlanta, Houston, New York, Boston, Woodland Hills

NUMBER OF POSITIONS: TBD

PRIMARY RESPONSIBILITIES: Joining the AIG Summer Internship Program is a great way to enhance your business acumen and gain insight into our industry. Summer interns are placed into meaningful and influential roles that have an immediate and integral impact on the business.

The Summer Internship Program lasts approximately 10 weeks and is targeted to students entering the final year of their undergraduate or graduate education. After initial orientation, summer interns will join one of our business lines, each of which offers a unique opportunity to obtain core technical knowledge and professional skills in a diverse and global environment. In addition to the experience acquired on the job, summer interns have the opportunity to learn directly from senior management and participate in webinars, discussion forums, and networking receptions.

Summer interns establish goals with their managers during the first week, and the goals are measured at the mid and end points of the summer. Successful summer interns may be considered for full-time analyst positions to begin summer of 2019

POSITION QUALIFICATIONS:

Required:

- Minimum grade point average of 3.2 (unofficial transcript required upon application)
- Bachelors or Master's degree, or candidate for Bachelors or Master's degree to be received no later than August 2019
- Complete one or more Actuarial Exam(s) by the start of the internship (June 2018)

Preferred:

AIG seeks candidates who have excelled in previous work experience, demonstrated outstanding academic and extracurricular achievement, possess strong analytical, quantitative and interpersonal skills, and are enthusiastic about and committed to the insurance industry.

The ideal candidates will be bold thinkers with an entrepreneurial bent, and will possess a powerful blend of IQ (technical skills, consistent learning, statistical & financial acumen) and EQ (adaptive communication, empathy, listening skills, challenging with humility).

We also look for a diverse background of experience, culture, and thought. Successful candidates typically have a global perspective and a record of successful teamwork.

POSITION TITLE: 2018 Summer Internship Program - Commercial Pricing

DIVISION: Commercial Pricing

POSITION DESCRIPTION: Actuarial professionals have the pivotal role in driving the results at AIG, and are integral to AIG's success with their expertise in quantitative analysis, insurance pricing, loss reserving, and risk quantification. POSITION QUALIFICATIONS:

Qualifications Required:

- Minimum grade point average of 3.5 (unofficial transcript required upon application)
- Excellent interpersonal, written and verbal communication skills
- Proficient in the English language, including the ability to listen, understand, read and communicate effectively both in writing and verbally in a professional environment
- Willing and able to learn and work independently with minimal supervision
- Demonstrated analytical and problem-solving skills
- Effective organization and time management skills with the ability to work under pressure and adhere to project deadlines
- Minimum of 3 months of experience obtained through internships, academic projects, etc.

AIG

- Comfortable with quantitative analysis and tools
- Outstanding quantitative and research skills and proven data interpretation capabilities

Preferred:

AIG seeks candidates who have excelled in previous work experience, demonstrated outstanding academic and extracurricular achievement, possess strong analytical, quantitative and interpersonal skills, and are enthusiastic about and committed to the insurance industry.

INTERNATIONAL SPONSORSHIP: No

COMPANY DESCRIPTION: Aon is a leading global professional services firm providing a broad range of risk, retirement and health solutions. Our 50,000 colleagues in 120 countries empower results for clients by using proprietary data and analytics to deliver insights that reduce volatility and improve performance.

POSITION TITLE: Actuarial Intern

DIVISION: Aon Risk Solutions

POSITION DESCRIPTION:

As part of an industry-leading team, you will help empower results for our clients by delivering innovative and effective solutions. Actuaries at Aon work with large, mid-sized and small clients on a variety of projects related to effectively managing risk, retirement, and health.

Your day-to-day responsibilities will vary, depending on your track: Retirement Consulting (SOA), Health & Benefits Consulting (SOA), and Aon Global Risk Consulting (CAS).

This role falls under Aon's Business Internship Program. You will have the chance to learn more about Aon's culture and businesses while developing practical skills necessary for future success and postgraduate opportunities. The 10- week summer program includes weekly spotlights delivered by Aon business leaders, a community outreach event and networking opportunities with fellow interns and colleagues.

LOCATION: Nation

NUMBER OF POSITIONS: Multiple

PRIMARY RESPONSIBILITIES:

Some of the most important projects that actuarial consultants within our Retirement Consulting practice work on are the annual pension "valuations." Each year, actuaries collect census data from the clients and perform the annual valuation. With the results of these valuations, we help our clients assess the ongoing financial health of their pension plans.

In addition to the pension valuation process, we work regularly with clients in the human resource and financial areas, and meet with them frequently to present the results of our analysis. Some of the other projects you might become involved with include:

Projections (both stochastic and deterministic) of long-term financial information for pension and other post-retirement benefit plans

Coordination of asset-liability analysis and other studies with investment consultants

Merger and acquisition "due diligence" and related activities

Design and costing of new retirement programs

Developing leading-edge pension administration systems

Union negotiation support and analysis

Quantitative comparisons of comprehensive employee benefit programs for groups of employers

POSITION QUALIFICATIONS:

- Pursuing Bachelor's degree; rising junior
- Have passed at least one actuarial exam
- Applicants for this role, which is part of the Aon Summer Internship program, must be rising juniors, graduating between December 2018 – June 2019 and have a GPA of 3.0 or above.

Canada Life Re

www.canadalifere.com

INTERNATIONAL SPONSORSHIP: No

COMPANY DESCRIPTION: Canada Life Reinsurance is a division of the Canada Life Assurance Company, a company owned by Great-West Lifeco which has over \$916.7 billion US in assets under administration. Our reinsurance products include traditional mortality, longevity reinsurance covers, and we also offer property and casualty reinsurance through our affiliate London Reinsurance Group. In addition, Canada Life Reinsurance is one of the leading providers of reinsurance solutions designed to optimize insurers' capital and surplus positions. Canada Life Reinsurance sells in the United States and throughout Europe, with offices in Canada, the United States, Ireland, and Barbados.

POSITION TITLE: Marketing Intern

DIVISION: Reinsurance

POSITION DESCRIPTION:

The Marketing Intern will work closely with a mentor from the marketing staff (all actuaries) to review a database of insurer and reinsurer financial statements, with the goals of producing a list of reinsurance transactions completed in 2017 and producing a list of potential new client companies.

LOCATION: Blue Bell, PA

NUMBER OF POSITIONS: 1

PRIMARY RESPONSIBILITIES:

- Use an internet based database of Insurance financial statements to get data on reinsurance transactions
- Gain an understanding of the Reinsurance marketplace in the U.S. and the types of reinsurance transactions entered into by Canada Life Reinsurance
- Use Excel to search reports from the Insurance database and compile useful reports on reinsurance transactions

POSITION QUALIFICATIONS:

- Insurance industry student, preferably actuarial
- strong math skills
- competent with Excel
- familiarity with database searching

ADDITIONAL COMMENTS:

- The student will gain a broad understanding of the U.S. insurance and reinsurance markets.
- There may also be an opportunity to assist the pricing department with certain projects

CBIZ

www.cbiz.com

INTERNATIONAL SPONSORSHIP: Yes

COMPANY DESCRIPTION: With over 100 offices and nearly 5,000 associates in major metropolitan and suburban cities throughout the U.S., CBIZ is one of the nation's leading providers of professional financial and employee business services. At CBIZ, our associates benefit from the opportunities, resources, training and stability of a national organization, while also enjoying the flexibility, comfortable culture and sense of community typically associated with a smaller, local company.

POSITION TITLE: Benefits Admin Outsourcing Intern

DIVISION: CBIZ Employee Services

POSITION DESCRIPTION:

With over 100 offices and nearly 5,000 associates in major metropolitan areas and suburban cities throughout the U.S. CBIZ (NYSE: CBZ) deliver top-level financial and employee business services to organizations of all sizes, as well as individual clients, by providing national-caliber expertise combined with highly personalized service delivered at the local level. CBIZ has been honored to be recognized as one of the Best & Brightest Companies to Work for in the Nation for 2016. The Best and Brightest Companies to Work For® competition identifies and honors organizations that display a commitment to excellence in their human resource practices and employee enrichment based on categories such as communication, work-life balance, employee education, diversity, recognition, retention and more.

Our CBIZ Savitz office provides a comprehensive service model to help plan sponsors manage the risk and complexities of plan sponsorship. Whether you sponsor a 401(k), 403(b), 457, 401(a), profit sharing plan, money purchase, non-qualified (DB & DC), pension, cash balance, SERP, VEBA, etc., we have an experienced administration, actuarial and advisory team ready to assist. CBIZ Savitz is a highly respected and well known Employee Benefits Consulting Firm in Philadelphia that has been operating for over 50 years. We provide retirement plan consulting and administration services to mid-sized clients located in the Philadelphia region and across the United States. We value teamwork and our commitment to take care of our people and our clients.

We are seeking a results-oriented individual to work as an Actuarial Intern in a fast paced and rapidly growing environment.

An Internship with CBIZ is intended to give the intern:

- Exposure to meaningful work
- An introduction to CBIZ culture
- A chance to network with experienced partners, managing directors, leading professionals and fellow interns
- An opportunity to expand classroom theories into practice
- To earn a highly competitive wage
- To experience the office environment

CBIZ

The Internship Program uniquely benefits CBIZ by:

- Giving our professionals the opportunity to guide a student's skills and abilities
- We can gain potential future talent
- Maintain relationships with Universities, student organizations and professional societies

LOCATION: Philadelphia, PA

NUMBER OF POSITIONS: TBD

PRIMARY RESPONSIBILITIES:

- Provide support to a variety of projects to gain a better understanding of CBIZ business operations.
- Research, collect, manipulate, interpret and verify data
- Prepare and distribute analytical data reports and/or records
- Respond to inquiries made regarding analysis and reports

POSITION QUALIFICATIONS:

- Must be authorized to work in the US
- Currently enrolled in a bachelors program studying a form of Business, Actuarial Science, Economics, Risk Management, Statistics or relevant field
- Enjoy working in a team environment
- Have strong Microsoft Office skills and possible exposure to VBA/SAS
- Possess analytical skills
- Time management skills and the ability to multi-task

Please formally apply to requisition 6110 at <http://www.cbiz.jobs>

Chubb

<https://www2.chubb.com/us-en/>

INTERNATIONAL SPONSORSHIP: Yes

COMPANY DESCRIPTION: Chubb is the world's largest publicly traded P&C insurance company and the largest commercial insurer in the U.S. With operations in 54 countries, Chubb provides commercial and personal property and casualty insurance, personal accident and supplemental health insurance, reinsurance and life insurance to a diverse group of clients. As an underwriting company, we assess, assume and manage risk with insight and discipline. We service and pay our claims fairly and promptly. We combine the precision of craftsmanship with decades of experience to conceive, craft and deliver the very best insurance coverage and service to individuals and families, and businesses of all sizes.

Chubb is also defined by its extensive product and service offerings, broad distribution capabilities, exceptional financial strength and local operations globally. The company serves multinational corporations, mid-size and small businesses with property and casualty insurance and risk engineering services; affluent and high net worth individuals with substantial assets to protect; individuals purchasing life, personal accident, supplemental health, homeowners, automobile and specialty personal insurance coverage; companies and affinity groups providing or offering accident and health insurance programs and life insurance to their employees or members; and insurers managing exposures with reinsurance coverage.

Chubb has more than \$160 billion in assets and \$35 billion of gross premiums written in 2016. Chubb's core operating insurance companies maintain financial strength ratings of AA from Standard & Poor's and A++ from A.M. Best.

Chubb Limited, the parent company of Chubb, is listed on the New York Stock Exchange (NYSE: CB) and is a component of the S&P 500 index.

Chubb maintains executive offices in Zurich, New York, London and other locations, and employs approximately 31,000 people worldwide.

POSITION TITLE: Actuarial Intern

DIVISION: Actuarial

POSITION DESCRIPTION: As a member of Chubb's Actuarial Team, you will help evaluate business opportunities in a given market by analyzing data to identify the potential profitability and possible pitfalls. Armed with this data, we advise top management on ways to balance the anticipated with the unexpected. Typically, our actuaries base their analysis on the demand the business may create, the price required to deliver a reasonable rate of return, and the potential effect of claims on the company's profitability.

Actuarial Interns are located primarily in Philadelphia, PA and Whitehouse Station, NJ. The program offers college students the opportunity to work in one section of our department during the summer. Interns are exposed to many facets of actuarial work and techniques and are introduced to insurance terminology and concepts. In addition to working closely with their supervisor, they are given an opportunity to network with other members of the Actuarial Department.

Chubb

We are looking for individuals who possess math and analytical skills, can effectively work as part of a team, are sophisticated communicators, and enjoy coming up with creative solutions to problems. Qualified candidates should be pursuing a degree in Mathematics, Statistics, Economics, Finance, Actuarial Sciences, or a related field.

Cigna

<https://www.cigna.com/careers/united-states/>

INTERNATIONAL SPONSORSHIP: Yes

COMPANY DESCRIPTION:

Cigna is a global health service company, dedicated to helping the people we serve improve their health, well-being and sense of security.

"At Cigna, we understand that people are unique, and so, too, is their health. In a world of many millions, we see each person defining a healthy life on his or her own terms. It's our aim to be part of that journey, helping people achieve better health and peace of mind along the way."

- David Cordani, CEO

Who We Serve

Cigna helps employers and organizations around the world protect their workforces. Our integrated plans and services combine with proven health and well-being programs to help employees stay healthy and on the job. We partner with brokers and consultants to develop programs to fit the unique needs of their employer and individual clients. And we provide individuals and families with the coverage and tools they need to improve their health, well-being and sense of security-and lower their medical costs.

Cigna International provides access to superior quality health care and related financial protection programs to groups and individuals around the globe.

POSITION TITLE: Actuarial Executive Development Program Internship

DIVISION: Across Businesses

POSITION DESCRIPTION:

An actuarial internship provides you with valuable work experience through exposure to the actuarial career, so you can have the opportunity to assess whether the career is right for you. Cigna views its internship program as our primary source for identifying full- time talent. It is a great way to assess whether the actuarial profession and Cigna are a good fit for you – both professionally and personally.

Ability to have a Real Impact on Cigna's business

Interns have ownership of a project that is important to the business and deals with actuarial-related concepts

Interpersonal skills are developed by presenting the project at the end of summer

Significant Actuarial Support and Mentorship

Managers will help coach interns and provide feedback

Interns can leverage their manager's knowledge for their project and beginning of their actuarial career

LOCATION: Across the US

NUMBER OF POSITIONS: 10+

PRIMARY RESPONSIBILITIES: Varies by Role

Cigna

POSITION QUALIFICATIONS:

- Progression towards a degree in a related field (3.2 minimum GPA)
- Outstanding problem-solving, analytical and interpersonal skills
- Excellent verbal and written communication skills
- Possession of a strong desire and demonstrated ability to lead
- Drive to develop business

Global Indemnity Group

<http://www.globalindemnity.ky/>

INTERNATIONAL SPONSORSHIP: No

COMPANY DESCRIPTION:

Global Indemnity offers a broad array of insurance and reinsurance products and services to meet the needs of a diverse customer base. Our operating segments, Penn-America Group®, Diamond State Group®, United National Group®, American Reliable Insurance Company, J.H. Ferguson & Associates (VacantExpress.com®), Collectibles Insurance Services, and Global Indemnity Reinsurance Company Ltd., are providers of specialty property, and casualty coverage for specialty risks, programs, and niches that are generally not offered by standard insurance and reinsurance companies. Each of our operating segments targets specific markets and distribution channels, providing the company and our agents opportunities and flexibility in conducting business.

Global Indemnity's multi-channel distribution network consists of U.S. and international operations. Our U.S. operations are composed of six insurance companies, all of which are rated "A" (Excellent) XI by A.M. Best Company. Our non-U.S. operation, Global Indemnity Reinsurance Company Ltd., is also rated "A" XI by A.M. Best. These favorable ratings help to reinforce relationships with existing customers and attract prospective partners and potential insureds.

POSITION TITLE: Actuarial Intern

DIVISION: Actuarial

POSITION DESCRIPTION:

As an Actuarial Intern, you will have the opportunity to work under the direction of a Sr. level Actuarial employee to complete projects and tasks that support the goals and results of the Actuarial department. Lines of coverage may include property, auto, general and professional liability, vacant property and collectible insurance. This opportunity would be ideal for an individual to gain practical Actuarial experience as a starting point to a career in the industry.

This internship may support pricing or reserving activities.

LOCATION: Bala Cynwyd, PA

NUMBER OF POSITIONS: 1

PRIMARY RESPONSIBILITIES:

- Performing data validation and analysis related to price monitor reports.
- Performing data analysis for loss development and loss ratio projection files
- Other miscellaneous projects related to testing new data marts and developing new reports
- Analysis of industry data with regard to Increased Limit Factors, loss trend, exposure trend and loss development factors.
- Developing rate filings in support of insurance product revisions

POSITION QUALIFICATIONS:

Global Indemnity Group

- Pursing Bachelors' degree with actuarial, insurance, or mathematics concentration; ideal candidate will have completed Junior year but open to other classes as well
- Completed Actuarial exam a plus but not required
- Prior experience in insurance and or general business a plus

The Guardian Life Insurance Company of America

www.guardianlife.com

INTERNATIONAL SPONSORSHIP: No

COMPANY DESCRIPTION: The Guardian Life Insurance Company of America, currently ranked #254 on the Fortune 500, is the country's fourth largest mutual insurer. As of December 31, 2014, Guardian reports \$1.3 billion in operating income, \$6.8 billion in capital and \$81.1 billion in assets under management. Guardian consistently scores high marks for financial strength from all four major credit rating agencies and enjoys a strong competitive position in each of its four major businesses: Individual Life, Group Insurance, Individual Disability and Retirement Solutions.

As a mutual company, Guardian is owned by its policyholders and the Company's 6,000 employees and 3,000 financial representatives are aligned with its mission to help individuals, families and small businesses achieve financial security and protection.

Guardian has earned a reputation for financial stability and an unwavering commitment to the long-term interests of its policyholders and customers. This commitment has provided a foundation for Guardian to continue to evolve and thrive for over 150 years.

Guardian states its aspiration in the following way: "To be the trusted mutual partner, delivering financial security how, when, and where our clients prefer."

Guardian is an equal opportunity employer. All qualified applicants will be considered for employment without regard to age, race, color, creed, religion, sex, affectional or sexual orientation, national origin, ancestry, marital status, disability, military or veteran status, or any other classification protected by applicable law.

POSITION TITLE: Actuarial Intern

DIVISION: Various

POSITION DESCRIPTION: An internship with the Guardian Life Insurance Company of America, a Fortune 250 company, will provide you with valuable insight into the world of business. At Guardian, our mission is to maintain the financial strength of the company while growing our business in an ethical, profitable, and sustainable way. We pride ourselves on a culture of respect, high standards, and fairness. Our aspirations include business growth, customer centricity, continuous improvement, and innovative collaboration.

As a paid intern at Guardian, you will not only gain industry and organizational knowledge through daily business interactions and job assignments, but you will also have the opportunity to network with peer interns, interact with executive leadership, and make meaningful contributions to projects that directly impact our business.

During our 10 week summer internship program, you will have many opportunities to learn new technologies while developing essential business skills. Throughout your experience, you will receive ongoing training, guidance and direction from an experienced staff member in order to develop in-depth working knowledge of the key responsibilities, procedures and standards required for performing departmental duties. Upon completing your internship you will have a solid

Travelers

www.travelers.com

INTERNATIONAL SPONSORSHIP: No

COMPANY DESCRIPTION: Travelers is one of the largest providers of property and casualty insurance products in the United States. Our success is built upon our ability to provide innovative insurance and risk protection products and services that meet our customers' needs. We pride ourselves on helping customers manage risk before a claim occurs — and responding with speed, professionalism and compassion when claims do happen. Our market leadership and financial strength mean security for our customers. The company's diverse business lines offer global customers a wide range of coverage in both personal and commercial settings, including automobile, homeowners, small business, construction, oil and gas, ocean marine, bond and financial products, global technology and public sector services. A component of the Dow Jones Industrial Average, Travelers has approximately 30,000 employees and operations in the United States and selected international markets. Our main offices are located in New York, New York, Hartford, Connecticut and Saint Paul, Minnesota.

POSITION TITLE: Health and Benefits Intern

DIVISION: Health and Benefits

POSITION DESCRIPTION: Create your future. Our Health and Group Benefits business helps large and mid-size clients control soaring health and welfare plan costs, improve health outcomes and promote employee engagement through broad-based, state-of-the-art interventions. We provide solutions encompassing creative plan design, vendor evaluation and management, pricing and funding strategies, data analytics, valuation support, and legal compliance and governance strategies. We also provide specialty consulting services including clinical/health management program design, pharmacy solutions, disability/absence management strategies and claims audit services. Product based solutions such as our pharmacy purchasing coalition round out our broad-based suite of offerings.

Explore an opportunity. As a Health and Group Benefits Intern, you will work beside some of the industry's top consultants while you progress toward becoming a thought leader of the future. You will have immediate exposure to real client assignments which will draw on your imagination and creativity as well as your ability to analyze data, draw conclusions and present results. These experiences will help build your technical

LOCATION: Philadelphia, Washington, New York, Parsippany, Richmond

NUMBER OF POSITIONS: TBD

PRIMARY RESPONSIBILITIES:

Love your work. You will partner with consultants to provide support on projects through:

- Performing financial analyses, including developing pricing, creating employee contribution strategies, modelling plan design alternatives, and calculating reserves
- Analyzing and comparing vendor products, services, and contracts
- Designing, distributing, and evaluating responses to surveys and RFPs

POSITION QUALIFICATIONS:

- Progress towards a Bachelors or Master's degree in mathematics, statistics, finance, public health, health management, actuarial science or any other major with significant quantitative course work with a minimum overall GPA of 3.0

Willis Towers Watson

- For Actuarial students: Successful completion of one or more actuarial exams highly preferred
- Work experience that demonstrates strong technical and/or client service skills (analyst type of internship preferred)
- Passion for solving problems and sharing solutions to exceed the standards of the client
- Ability to be a self-starter and work independently, but also cooperatively in a close team environment
- Excellent oral and written communication skills
- Excellent Microsoft Office skills, particularly in Excel.

Willis Towers Watson

POSITION TITLE: Retirement Actuarial Intern

DIVISION: Retirement

POSITION DESCRIPTION:

Join our Retirement consulting team in providing expertise in retirement and investment consulting to support global organizations in designing, managing, administering, and communicating various retirement plans. Whether a client has a defined benefit pension or a defined contribution plan, we work with them to determine the right approach to designing, funding, investing, governing and employee management that fits their specific goals.

The Role

Gain direct exposure to real client assignments which will draw on your imagination and creativity as well as your ability to analyse data, draw conclusions, and share your brilliant results. In this role, you'll experience a balance of expanding your technical knowledge and industry expertise, while benefiting from working in a close-knit and supportive team environment.

LOCATION: Philadelphia, Washington, New York, Parsippany, Richmond

NUMBER OF POSITIONS: 2

PRIMARY RESPONSIBILITIES:

Love your work. You will partner with consultants to provide actuarial support on client projects through:

- Designing, funding, pricing, and the implementation and management of retirement programs
- Competitive benchmarking analysis of benefit plan designs
- Corporate restructuring and capital enhancement initiatives (demutualization, securitization, mergers & acquisitions)
- Working with a wide range of associates at all levels within the local practice
- Performing asset/liability modelling
- Perform annual pension (qualified and nonqualified) and post-retirement medical valuations for a variety of clients. (This entails manipulating data, analyzing data, determining plan liabilities, reconciling plan assets, and determining funding requirements)
- Assist with completion of plan reporting and filing requirements
- Perform plan administrative tasks such as completing benefit calculations, reviewing plan documents and SPDs, and producing benefit statements

POSITION QUALIFICATIONS:

- Junior standing (sophomore considered with other relevant internship experience) pursuing a Bachelors or Master's degree in actuarial science, mathematics, statistics, finance or any other major with significant quantitative course work with a minimum overall GPA of 3.0
- Successful completion of one or more actuarial exams highly preferred
- Work experience that demonstrates strong technical, and/or client service and leadership skills

Willis Towers Watson

- Passion for solving problems and sharing solutions to exceed the standards of the client
- Ability to be a self-starter and work independently, but also cooperatively in a close team environment
- Excellent oral and written communication skills
- Excellent Microsoft Office skills, particularly in Excel
- Legal Authorization to work in the country in which the position is posted
- Besides being highly organized, flexible and a team player you should be enthusiastic, reliable, and enjoy taking ownership of your tasks. Even when it gets hectic you should be able to set priorities and to keep control of projects.

XL Catlin

<http://xlcatlin.com/>

INTERNATIONAL SPONSORSHIP: Yes

COMPANY DESCRIPTION: XL Group Ltd, through its subsidiaries and under the XL Catlin brand, is a global insurance and reinsurance company providing property, casualty and specialty products to industrial, commercial and professional firms, insurance companies and other enterprises throughout the world.

POSITION TITLE: Actuarial Intern

DIVISION: Various

POSITION DESCRIPTION: Our Summer Actuarial Internships will sharpen your actuarial skills while you gain insight into the property and casualty insurance industry. You'll also help review and update pricing tools used by our underwriting staff, develop new tools, evaluate historical loss, and determine the impact of pricing decisions on future profitability.

LOCATION: Exton, PA, Stamford, CT, New York, NY or Hartford, CT USA

NUMBER OF POSITIONS: 8

PRIMARY RESPONSIBILITIES: The actuarial intern will get experience similar to what he or she would be doing in a full-time position. The intern will be working with a team of seventeen credentialed actuaries and numerous students. He or she will be exposed to a variety of lines of business as well as basic actuarial reserving and pricing methodologies.

POSITION QUALIFICATIONS:

We're looking for someone who has these values, abilities, and skills:

- Completion of at least two years of college towards a degree in Actuarial Science, Mathematics, Statistics, or a related field
- Strong analytical, mathematical, and research abilities
- Excellent verbal and written communication and interpersonal skills
- Demonstrated leadership experience with a drive for results
- A high level of intellectual capability and curiosity
- Passion for solving puzzles through collaboration and innovation
- Completion of 0-2+ CAS exams
- Legal Authorization to work in the country in which the position is posted.
