Breaking News: Pizza and Pretzels No More!

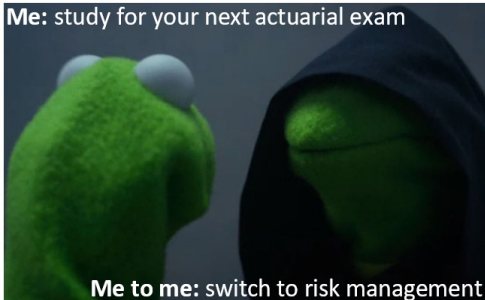

The free Philly Style pizza at Monday and Friday meetings and the Philly Pretzel Factory twists sold before Wednesday meetings are key attractions for many Sigma Chapter members. However, the cost of these perks has dug too deep a monetary hole in the Sigma Chapter. As many of you know, membership dues dropped dramatically this year from \$200 down to \$50 for new members and \$0 for returning members. As a result, we have been struggling with insufficient funding for the pizza and pretzels we all know and love.

Adam Keylin, VP of Operations, experiences first hand the large expense of these orders. "I'm more worried about Philly Style...how will they stay in business after losing 30% of their income?" Adam says. Jaelyn Gawley, VP of Community Affairs, relies on the income from pretzel sales for additional Charity of Choice funding. Reflecting on this tragedy, Jaelyn stated "hopefully rising water bottle sales are enough to make up for this loss."

Dr. Drennan has been an avid supporter of free pizza over the years and has been paying for them out of his own pocket in the Spring 2023 semester in efforts to keep this tradition of excellence alive. At our Wednesday meeting 2 weeks ago, Dr. Drennan's credit card was declined for the first time while ordering the batch of Philly pretzels, resulting in the delayed delivery as officers scrambled to come up with alternative funding. Sadly, the Sigma Chapter must finally accept the need to cancel all future orders. We hope that the speaker series are enough to keep members engaged and excited for our meetings, despite the loud growling of your now empty stomachs.

New Cell Phone Policy

As technology usage grows and students become more and more addicted to their cell phones, new policies are needed to ensure a 100% student attention rate. On Saturday, April 1, 2023, Dr. Drennan announced his brand-new cell phone policy, **effective immediately**, to be enforced during all Sigma Chapter meetings.

This new policy declares that any student seen with a phone on their person or caught using their phone during a meeting will become a VIP member of Dr. Drennan's infamous **Front Row Club**. The Front Row Club is an exclusive group of students given the honor of attending our H. Wayne Distinguished Guest Lecturer Series every Wednesday in the very first row under Dr. Drennan's careful supervision. The Sigma Chapter advises all student to strictly adhere to this new policy or risk feeling the wrath of...Dr. Drennan.

Petition for the Return of Grant's Puns

Grant Brooks' greatest accomplishment thus far on his journey as President of the Sigma Chapter of Gamma Iota Sigma was the creation of speaker intro puns at our H. Wayne Snider Distinguished Guest Lecturer Series *special recognition to ghostwriter Rob Walton*. During the Fall 2022 semester, these puns were the highlight of many students' days, with memorable moments including:

Fanduel: "I **bet** this will be a great presentation."

Insomnia Cookies: "I know Mervat has a **sweet** presentation prepared for you all."

NBA: "Anshell's presentation is going to be a **slam dunk**."

Join us in petitioning for Grant to bring back the intro puns! Together we can make a change, thank you.
