

PRESS RELEASE

Fall 2017 Graduate Actuarial Science Case Competition

November 30, 2017

On Saturday, November 4, 2017, six graduate Actuarial Science students, under the instruction of Professor Randy Dumm in the *Property and Liability Insurance* course participated in a case competition. The teams were asked to conduct research on cyber insurance in the property-liability insurance industry. For the case competition, each team provided a written report of their findings and made a presentation to a panel of judges who were practicing actuaries. Award categories included the overall oral team presentation winners and best paper. The students who received awards for each category are as follows:

Best Paper: Van Dinh and Jacqueline Thompson

Best Paper
