19 SEMI - ANNUAL GAMMA GAMES

At this point its not news to anyone that this **Wednesday, February 16, 2011, from 5:30 to 8:00 pm, in Pearson Hall Room 145 is the 19th Semi-Annual Gamma Games.** At this point you have seen the videos, heard the rumors, and are probably caught up in the general excitement leading up to what promises to be the best Gamma Games ever.

Many students have been training for this event since as far back as winter break. John DiMartino, one such student, describes his training regiment: "To get ready for musical chairs I would visit the Philadelphia Zoo, wait till the lions were being fed and then attempt to steal their food. I call it lion taunting." John

continues, "At this point I no longer fear death, but I am concerned I may still not be ready."

For those graduating, this is the last opportunity to be crowned champions; to new members, it's a chance to show everyone what you're made of.

The level of competition will be fierce, participants will be ruthless and fun is inevitable. Attendance and willingness to crush your opponents are strongly encouraged. Be there!

How to Prepare for the RMI Intern Reception Workshop

The "How to Prepare for the Risk Management Intern Reception" will help Risk Management and Insurance majors choose the best strategy for their intern reception. This workshop is **MANDATORY** for any students planning to attend the Risk Management Intern Career Reception, as it will discuss what they can expect at this reception. If this is your first time attending a reception, or even if it isn't, this is not a workshop to miss.

Friday, February 18, 2011 12:00-12:50pm, Room TBA

Actuarial Science Alumni Panel Workshop

Alumni of our program will come and speak to students about their life after graduation, offer words of advice on how to have a successful career after college and how to balance your professional career and goals. Alumni attending will discuss how life has changed within the first year of employment. Students will have the unique opportunity to ask questions and discuss the transition from student to professional life.

Friday, February 18, 2011 12:00-12:50pm, Speakman 113

Insurance Jokes

A lawyer and an engineer were fishing in the Caribbean. The lawyer said, "I'm here because my house burned down, and everything I owned was destroyed by the fire. The insurance company paid for everything."

That's quite a coincidence," said the engineer. "I'm here because my house and all my belongings were destroyed by a flood, and my insurance company also paid for everything." The lawyer thought for a moment, but was puzzled. Finally he asked the engineer, "How do you start a flood?"
