## Risk Management and Insurance Internship Reception

March 1, 2017

The Sigma Chapter of Gamma Iota Sigma held its annual Internship Reception on **Thursday, February 23, 2017** in the 7th Floor MBA Commons of the Fox School of Business. Attendees of the reception are Risk Management and Insurance students graduating after Spring 2017 and looking for an internship for Summer 2017. In order to attend the reception, each student had to fulfill all steps in the “Road to the Resume Book” process, which included attending multiple workshops in professional and career development. 230 members of the Sigma Chapter had the opportunity to meet with recruiters from 40 different companies between 1:00 pm and 6:00 pm in one of two sessions. The continued success of the Sigma Chapter’s Intern Reception would not be possible without the time and effort of both the Career Development and the Professional Development teams. Below is a list of the companies in attendance. Click on the companies highlighted below to hear about their experience at the reception.
