A MESSAGE FROM PRESIDENT GRANT BROOKS: WELCOME BACK SPRING 2023!

Dear Members,

I hope you all had a wonderful Winter break and are excited to return to classes this Spring. It is my honor to continue serving as your Sigma Chapter president. The 39 officers of our chapter have worked hard to bring you a semester full of interesting industry speakers, engaging career opportunities, fun social events, and strong community engagement.

The H. Wayne Snider Distinguished Guest Lecturer Series continues to improve, with a Spring speaker series consisting of many popular companies you may be familiar with: the NBA, Parx Casino, Wawa, Honeygrow, Next Insurance, Five Below, the City of Philadelphia, Estée Lauder, and more. I hope you take the opportunity to learn from these professionals and meet them at our networking luncheons following the events.

Our Risk Management and Actuarial Science Career Development Committees have arranged excellent workshops and committee speakers designed to expose you to distinct areas of the industry. The RMI Intern Career Reception in February will provide you with opportunities to apply this knowledge in a real business environment.

Our Student Affairs and Community Affairs teams have fun and impactful events planned for you this semester, including cultural potlucks, Bob Ross paint night, campus cleanups, and our 43rd semi-annual Gamma Games. We look forward to continuing to raise money for our Charity of Choice, ACCT Philly, the region's largest animal care and control service provider.

The Fall brought one of our strongest semesters with unique speakers, two strong career receptions, remarkable DE&I successes, and excellent community engagement. However, I am confident that the Spring semester will build on these to strengthen the Sigma Chapter to our highest potential.

We will host our First Organizational meeting on Wednesday, January 25th, where you will hear more about the Sigma Chapter's plans for the semester — I look forward to seeing you there!

Fraternally yours,
Grant Brooks
President,
Gamma Iota Sigma — Sigma Chapter
