A Message From President Liam Clancy: Welcome Back Fall 2024!

Dear Members,

I hope you were able to relax and recharge over summer break and are excited to return for the fall semester. It is my honor to serve as President of the Sigma Chapter for the 2024-2025 Academic Year. Our team of 37 officers have worked hard over the summer to prepare an outstanding semester full of exciting industry speakers, social events, and new ways to engage with the chapter. We hope to see you on **Wednesday, September 4, 2024, at 12:00 p.m. in Alter Hall Room 031** for our first Organizational Meeting of the year where we will detail more about what we have planned.

The H. Wayne Snider Distinguished Guest Lecturer Series this semester includes a variety of experienced executives. These professionals in risk management, insurance, and actuarial science are excited to come share their perspectives on the industry, their exciting career paths, and emerging trends across Insurance. Following each meeting, you will have the opportunity to meet and network with these senior executives in a smaller setting through our Networking Luncheons.

Our ASCD and RMICD teams are excited to bring you many speakers (including many esteemed alumni of our program!) to share valuable lessons and provide insights which can directly relate to your career path. This semester, students who have gone through our revamped road to the resume book process will be able to join us for our new joint Actuarial Science and Graduating Risk Management Career Reception. Students will have the opportunity to interview with our amazing industry supporters which directly supports your career growth.

Our Student Affairs and Community Affairs teams have worked to bring you exciting social events and charity events. I know you're all looking forward to our 46th Annual Gamma Games bringing back some fan favorite games as well as introducing some new and exciting ones. We also plan to raise money for our Charity of Choice, a fantastic cause that will be discussed at our first Organizational Meeting.

Lastly, I hope that everyone takes advantage of the opportunities and resources provided by Temple, The Fox School of Business, and our chapter. I am excited to see the individual successes from passing professional exams to building new friendships, and I am excited to see all that we achieve as a chapter and as the larger Temple community. Please don't hesitate to reach out with any questions or comments.

I look forward to seeing you all on September 4th for our first Organizational Meeting.

Fraternally yours,

Liam Clancy

POGIS 35

President, Gamma Iota Sigma – Sigma Chapter

The Fox School of Business, Actuarial Science, Risk Management & Insurance, May 2025
