## Spring 2013 Actuarial Science Case Competition

For the first time ever, Actuarial Science students enrolled in AS 3596, Casualty Contingencies, under the instruction of Professor Mike Zuckerman, participated in a case competition. Students groups were asked to address the topic: *How can a captive insurance company be used by healthcare systems to address the strategic and risk management issues raised by PPACA?*

*Prof. Mike Zuckerman*

*Jacob Roach, Syazwan Miswan, and Salahuddin Salim awarded Best Overall Presentation for Actuarial Science Panel One by judges Christopher Tait, class of 1987, Dave Wolfe, and Bruce Fell, class of 1989*

*Mark Peticca awarded Best Presenter for Actuarial Science Panel One by judges Christopher Tait, class of 1987, Dave Wolfe, and Bruce Fell, class of 1989*

The groups' presentations were judged on the critical analysis of the issue, creativity of recommendations and ability to answer judge's questions fully, critically, and thoughtfully.

*Greg Godshall, Eamonn Harrington, and Christopher Jensen awarded Best Overall Presentation for Actuarial Science Panel Two by judges Dan Dotzert, class of 2006 and Arthur Randolph, class of 1998*

*Greg Godshall awarded Best Presenter for Actuarial Science Panel Two by judges Dan Dotzert, class of 2006 and Arthur Randolph, class of 1998*
