

# SIGMA CHAPTER

## *Press Release*

SigmaChapter.org

### **Summer 2018 Interns**

***September 11, 2018***

Over 200 members of Gamma Iota Sigma's Sigma Chapter held internships in the Risk Management, Insurance, and Actuarial Science industry this summer. Members worked at over 95 different companies, and were located across the United States and internationally.

The Sigma Chapter is committed to the professional development of its members. Interview skills, etiquette, and career development workshops along with intern receptions that are held throughout the year enable students to succeed both during the interview process and once in the workplace. The success of summer internships would not be possible without the hard work of the Professional Development officers, Career Development officers, and faculty advisors.
