

# RISKY BUSINESS

Risk Management | Insurance | Actuarial Science

## Mix and Mingle

Friday, August 31, 2018

12:00PM-12:50PM

MBA Commons, 7th Floor Alter Hall

The Mix and Mingle is an informal gathering where students will have the opportunity to meet faculty, as well as fellow students majoring in Risk Management and Insurance and Actuarial Science. Refreshments will be provided for all attendees.

## First Organizational Meeting

Wednesday, September 5, 2018

12:00PM-12:50PM

Alter Hall 031

Please join us for our first Organizational Meeting of the Fall 2018 semester! We highly encourage your attendance, as we will be discussing important information about the great events and opportunities that are coming up throughout this coming semester. We look forward to seeing you there!

## Attention Actuarial Science Majors!

Interested in going to the Actuarial Science Career Reception on Thursday, September 27, 2018? You **MUST** complete the Road to the Resume book in order to attend! To begin the process, visit the Gamma office in Alter 601c to pay your membership dues. After that, look for emails from the PD team to sign up for an Interview Skills Workshop.

## Welcome Back, Sigma Chapter! A Letter From President, Kyle Betley

Dear Members,

I am honored to be named the President of the Sigma Chapter of Gamma Iota Sigma for the 2018-2019 Academic Year. I hope every one of you had an enjoyable summer, whether you were working at an internship, studying abroad, or however else you might have spent it. Our Chapter has 44 officers that have been working all summer to prepare a semester full of exciting and enriching activities for you to attend, focused around improving your professional development.

Most importantly, I hope to see you all every Wednesday during the business free period for our H. Wayne Snider Distinguished Guest Lecturer Series. At our weekly Wednesday meetings, we will host a Senior Executive from a Risk Management, Insurance, or Actuarial background to share with us their career experiences and to discuss trending topics in the industry. This semester has a special theme as well; the H. Wayne Snider Distinguished Guest Lecturer Series will host exclusively Temple Alumni, highlighting some of Sigma Chapter's extremely successful young industry professionals.

I encourage you all to take advantage of the opportunities Gamma has to offer this semester by attending as many of our events possible, especially Monday and Wednesday meetings. This gives you all the opportunity to develop necessary networking skills and connections to be successful in the future. I look forward to meeting our new members and reconnecting with returning ones as the semester begins. Please contact me if you have any questions about Gamma Iota Sigma or if you would like to talk more about all the remarkable opportunities the Sigma Chapter has to offer. I hope you all have a successful start to your semester, and that you look forward to enjoying all of the events our chapter has to offer!

Fraternally yours,

Kyle Betley

President, Gamma Iota Sigma - Sigma Chapter

Fox School of Business, Actuarial Science - 2019

## Courses through Gamma: BA 2101 & RMI 3682

### ***BA 2101***

All undergraduate students in the Fox School of Business and Management are required to take the one-credit hour course, BA 2101- Professional Development Strategies. Both Actuarial Science and RMI majors have the option to enroll in a special, GIS-administered section of BA 2101 to fulfill this requirement. To complete BA 2101 through GIS, students must:

- Be a dues paid member of Gamma Iota Sigma for the current academic year.
- Attend the H. Wayne Snider Distinguished Guest Lecturer Series each Wednesday from 12:00pm to 12:50pm and complete a Critical Listening Sheet.
- Join a committee within GIS and attend meetings held every other Monday from 12:00pm to 12:50pm.
- Meet the requirements to be included in the GIS Resume Book.
- Attend a "Getting Started" Workshop with CSPD or provide proof that you are CSPD certified.

### ***RMI 3682***

GIS offers another one-credit hour independent study course in professional development. Actuarial Science or RMI majors who have completed BA 2101 (either through GIS or Fox) are eligible to enroll in this course. To complete RMI 3682, students must:

- Be a dues paid member of Gamma Iota Sigma for the current academic year.
- Attend the H. Wayne Snider Distinguished Guest Lecturer Series each Wednesday from 12:00pm to 12:50pm and complete a Critical Listening Sheet.
- Participate in one GIS community service event during the semester

***To enroll in either course, students must sign up during the first organizational meeting AND attend orientation for BA 2101/RMI 3682. The course syllabus will be distributed at this orientation, and there will be a contract that must be signed.***
