Meet us this weekend for our final community service event! We will be cleaning up trash and litter to help spruce up our lovely campus. Attending this event will also satisfy the community service requirement for RMI 3682. It is important to get this done immediately as we are nearing the end of the semester.

Philabundance Can Drive

The Sigma Chapter is participating in the Philabundance Can Drive. Students taking RMI 3682 can fulfill their community service requirement by bringing in 20 cans. Credit is only offered to the first 50 students to participate, so it is important to bring in your donations soon. Your canned goods can be dropped off at the Gamma Office in Alter 601c.
