

RISKY BUSINESS

Risk Management | Insurance | Actuarial Science

A message from President Kyle Betley: Farewell Fall of 2018!

I hope you all had a wonderful semester and embraced all the opportunities the Sigma Chapter has to offer! I enjoyed seeing many of you at the H. Wayne Snider Distinguished Guest Lecturer Speaker Series, Monday committee meetings and workshops, Gamma Games, Cultural Potluck, bake sales, and other fun events.

Congratulations to the graduating students! I wish you the best as you begin your careers. I hope you look back fondly of your time spent with the Sigma Chapter. As you enter this new stage of life, please be an involved alumni within Temple University and the Grand Chapter, giving back to our program as well as becoming involved with the Alumni Chapter in whichever city you end up. We encourage our alumni to participate in the Alumni Student Mentorship Program, Annual Golf Outing, Gamma Games, Happy Hours, and other activities.

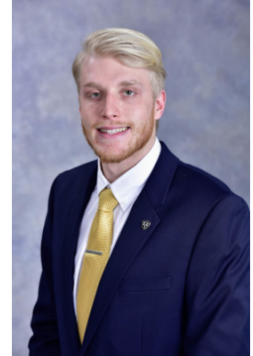

A perfect example of continued alumni involvement is through the Distinguished Young Alumni Edition of this semester's H. Wayne Snider Distinguished Lecturer Series. I hope you have all enjoyed the presentations given by our young, successful alumni; they are the epitome of the success you all can achieve upon graduating from this program.

I am continuously grateful to have the opportunity to serve as your president. Gamma Iota Sigma has provided me with opportunities to build life-long friends in addition to create countless cherished memories, and I hope it has done the same for you.

I look forward to seeing you next semester at our First Organizational Meeting of Spring 2019 on Wednesday, January 23rd, 2019. At this important meeting, we will discuss all the events happening during the upcoming semester.

Good luck with final exams and happy holidays!

Fraternally yours,
Kyle Betley
President, Gamma Iota Sigma - Sigma Chapter
Fox School of Business, Actuarial Science, Class of 2019

New Officer Information Session

**Wednesday, December 5, 2018
12:00PM-12:50PM
