When choosing an internship or a full-time position, you should be asking yourself many questions. Do I want to intern or work full-time as a broker, an underwriter, or an actuary? Property and casualty or benefits? Philadelphia or New York? These sessions are a chance for company representatives to interact with students and discuss company initiatives, employment expectations, corporate culture and other information to help students make these decisions. This is a great opportunity to get to know companies that are coming to our Career Reception.

Risk Management & Insurance Intern Reception

Thursday, February 23, 2012, 1-6pm

Alter Hall MBA Commons (7th Floor)

The Risk Management and Insurance Career Reception provides the opportunity for members to present themselves to potential employers in a setting strictly for students seeking intern positions who are members of Gamma Iota Sigma AND who have completed all the requirements to be in the Resume Book. The career receptions in the past years were a great success with a multitude of companies on-hand to discuss their job opportunities. The companies in attendance ranged from insurance agents, brokers, carriers, consultants, and more from the employee benefits and property casualty industries.
