RMI & Actuarial Science Friday Workshops: Intern Presentations

Friday, February 7, 2014, 12-12:50pm - RMI: Speakman 112, Act Sci: Speakman 113

The "Intern Presentations" feature students' presentations on their summer internships. It is important to get the facts from a third party in addition to the company's information when considering that company's offer. Students will discuss their responsibilities as interns, the perks and drawbacks of the intern programs, and how they got their internships followed by an evaluation of their overall experience. There will also be plenty of time for the presenters to answer questions that members might have. Do not miss this workshop if you want to be prepared for the internship reception.
