The American Institute of Chartered Property Casualty Underwriters (AICPCU) grants numerous designations to both professionals and students who take and pass a series of exams provided by the institute. Taking any of the CPCU or related exams is strongly encouraged for Risk Management majors focusing on Property & Liability.

The Certified Employee Benefits Specialist (CEBS) designation is granted jointly by the International Foundation of Employee Benefit Plans and the Wharton School of the University of Pennsylvania to individuals who complete eight college level courses and examinations in the areas of design and operation of employee benefit plans and who pledge to a code of ethical standards and continuing education. In this workshop, you will navigate the road to obtaining these designations, as well as what steps you can be taking now, while you're in school.

JDRF Walk for Diabetes

Sunday, October 26, 2014, 7:30 AM-11:00 AM
West River Drive, Philadelphia, PA

The JDRF Walk for Diabetes hopes to create awareness and find a cure for Type 1 diabetes. We will be joining UnitedHealthcare's team as we did last year, so there will be an opportunity to network as well! Volunteers will have the option of walking or helping out with the walk. Those who choose to assist with the event will help with registration, give walkers directions, or distribute water. Come out and join the fight against Type 1 diabetes.

This is the last uncapped event and participation will fulfill the RMI 3682 community service requirement. Sign up using the doodle link sent out by the Community Affairs team.
