How to Prepare for the RMI Graduating Student Career Reception

Monday, October 9, 2017
12:00pm-12:50pm
Alter Hall 031

This is a **MANDATORY** workshop for anyone who plans to attend the RMI Graduating Student Career Reception on Thursday, October 12, 2017. Faculty will provide important information regarding the upcoming reception; how to appropriately prepare for the reception, what to expect during the reception, and what the interview process to follow will entail. Those who do not attend will not be eligible to participate in the career reception.

RMI Workshop: Intern Testimonials

Friday, October 13, 2017
12:00pm-12:50pm
Alter Hall 031

Students who have completed internships will discuss their experiences and provide first hand knowledge about a company. Presenters will discuss how they got their internships, their responsibilities as interns, and the benefits and drawbacks of their experiences. Students will be able to ask the presenters questions after their presentations. This workshop will feature Rebecca Weisflog, Great American, Jacob Warren, AIG, and Natalie Gettel and Bailey Eisenberger, Reliance Standard Life. This is a very important workshop for intern candidates.

AS Basic Workshop: Basic Excel

Friday, October 13, 2017
12:00pm-12:50pm
Alter Hall 606

In this engaging and interactive workshop, you will be shown important and frequently used excel functions that are valuable in internships and full-time positions. Excel is the most common software used by actuaries, so it is a vital skill to develop. This workshop is a great way to learn new functions, as well as practice some you may already know. This is a great workshop for those who have never taken Basic Excel Training or just want to review!

AS Advanced Workshop: Advanced Excel / VBA

Friday, October 13, 2017
12:00pm-12:50pm
Alter Hall 034

This workshop is for students who have taken the Basic Excel Workshop in a previous semester or who have extensive Excel experience. Advanced Excel/VBA Training will take you through more difficult projects and specific coding languages used in the industry. This workshop will also explore more complex Excel functions that are used by actuaries. These functions could potentially be useful to you in future internships and jobs. This workshop will be a vital addition to your Excel training and future opportunities!
